ABOUT US

Welcome to ASSETON, a newly established contracting and supply company with a strong focus on MEP construction services. While our company is new to the market, it is built on a solid foundation of industry experience – our founders bring years of proven expertise in electro-mechanical systems, engineering design, and project execution.

At ASSETCON, we are dedicated to providing high-quality, reliable, and efficient solutions that meet the evolving needs of modern construction. From MEP installations to comprehensive contracting and tailored supply services, we combine technical excellence with a fresh, client-centered approach. We may be new but we're powered by experience.

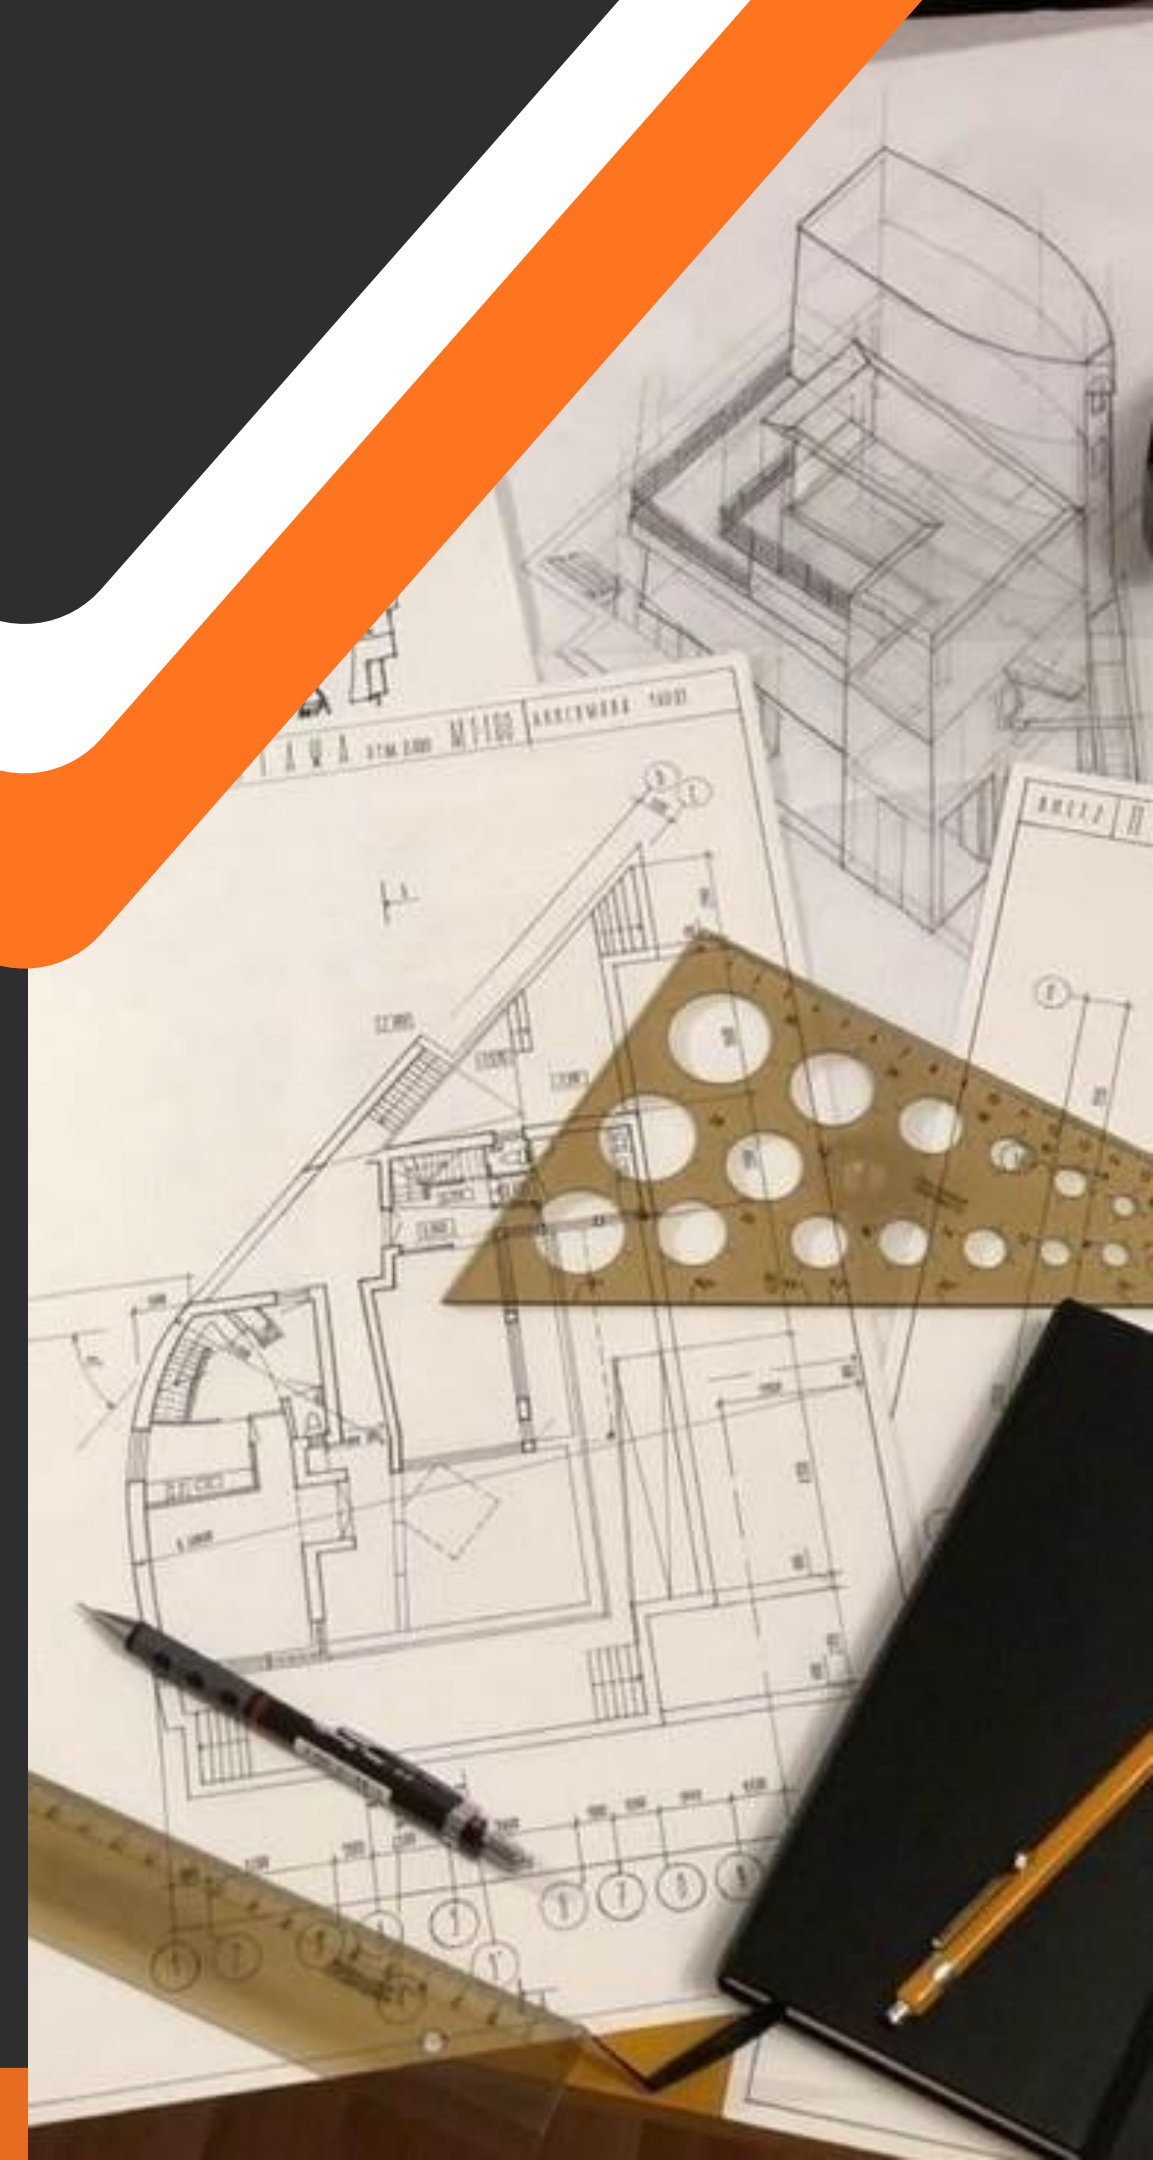

WHY CHOOSE US

At ASSETCON, we provide a wide range of professional services to meet the needs of different sectors:

- **General Supplies:** Reliable tools, materials, and essential components to support construction, electrical, and mechanical works.
- **Facility-Oriented Services:** Comprehensive solutions to ensure smooth operations and long-term efficiency.
- **Finishing and General Contracting:** Interior & exterior design, plumbing, painting, flooring, insulation, and decorative works.
- **Electrical Works:** Panel manufacturing, power distribution boards, control panels, installation & commissioning, and maintenance.
- **Civil Works:** Structural engineering, construction, renovation, and remodeling services.

OUR SERVICES

At ASSETCON, we offer a wide range of contracting and facility management services designed to meet the diverse needs of our clients. Our expertise ensures high-quality execution, innovative solutions, and on-time delivery.

GENERAL SUPPLIES

At ASSETCON, we provide reliable general supplies to support construction, electrical, and mechanical works.

Our offerings include a wide range of high-quality tools, materials, and essential components sourced from trusted suppliers to ensure durability and performance.

We are committed to delivering all required items on time, keeping your projects running smoothly and efficiently.

Whether you need construction materials, electrical parts, or specialized equipment, we guarantee dependable service and consistent quality to meet your project demands.

FINISHING & GENERAL CONTRACTING

At ASSETCON, we specialize in delivering high-quality electrical works that cover a wide range of services:

- **Electrical Panel Manufacturing:** Safe, efficient, and customized panels for various applications.
- **Power Distribution Boards:** Reliable systems to manage and control electricity across projects.
- **Control Panels:** Advanced panels ensuring precision and reliable performance.
- **Installation & Commissioning Support:** Professional setup, testing, and verification.
- **Maintenance & Technical Support:** Quick troubleshooting and long-term system care.
- **Testing & Quality Assurance:** Thorough inspections and compliance with international standards.

ELECTRICAL WORKS

Our electrical services cover:

- **Electrical Panel Manufacturing:** Safe, efficient, and customized panels for various applications.
 - **Power Distribution Boards:** Reliable systems to manage and control electricity across projects
 - **.Control Panels:** Advanced panels ensuring precision and reliable performance.
-
- **Installation & Commissioning Support:** Professional setup, testing, and verification.
 - **Maintenance & Technical Support:** Quick troubleshooting and long-term system care.
 - **Testing & Quality Assurance:** Thorough inspections and compliance with international standards.

ELECTRICAL PANEL MANUFACTURING

At ASSETCON, we specialize in manufacturing high-quality electrical panels designed for safety, efficiency, and durability.

Our panels are built to meet international standards and are tailored to the unique needs of each project.

What We Offer:

- **Custom-designed panels for diverse industrial, commercial, and residential applications.**
- **Safe and user-friendly operation with high reliability.**
- **Precision engineering to ensure energy efficiency and long service life.**

We combine advanced technology with expert craftsmanship to deliver panels that guarantee performance and peace of mind.

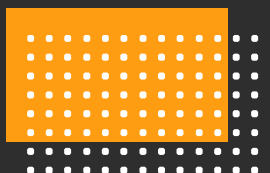

CIVIL WORKS

At ASSETCON, we provide comprehensive civil works services that cover every stage of construction, from site preparation to final project delivery.

✦ Our Civil Works Scope Includes:

- **Excavation, backfilling, and foundation construction.**
- **Structural building and concrete works.**
- **Residential and commercial construction projects.**
- **Renovation and remodeling solutions tailored to client needs.**

We are committed to ensuring safety, durability, and efficiency in every project by following best engineering practices and delivering on time.

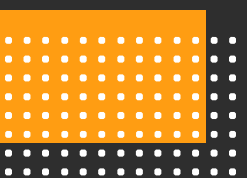

OUR STRENGTHS

At ASSETCON, we believe our success is built on strong foundations that set us apart in the market.

✦ Key Strengths:

- **Expertise & Experience:** A highly qualified team with years of proven success in multiple industries.
- **Quality Commitment:** Delivering products and services that meet international standards.
- **Innovation:** Adopting the latest technologies and modern solutions.
- **Reliability:** On-time delivery and long-term client relationships.
- **Safety Standards:** Strict adherence to safety protocols across all projects.
